

English

During Summer 1, we will be reading 'Seen and not heard' by Katie Mae Green. We will be focusing on writing a narrative and a newspaper report.

During Summer 2, we will be reading 'You Wouldn't Want to be a Victorian Servant! A Thankless Job You'd Rather Not Have' by Fiona Macdonald and 'The Vile Victorians' by Terry Deary. Whilst reading these texts which link to our Victorian topic, we will be focusing on persuasive writing and autobiographies.

Maths

At the start of the summer term, we will be focusing on fractions. During our fractions topic, we will be learning how to: count up and down in tenths, recognise and use fractions as numbers, compare and order unit fractions and fractions with the same denominator and also use all of the above to solve problems. We will then move on to time where we will look at months, years, hours, telling the time to 5 minutes, the 24 hour clocks as well as much more! After this, we will explore the properties of shapes before moving on to mass and capacity.

Religion

Our first topic is 'energy' where we will look at how Christians believe that the gift of the Holy Spirit within them gives them energy and the power to live the way of Jesus. Our next topic will be 'choices'. During this topic, we will explore how The Sacrament of Reconciliation is a celebration of God's love and mercy and how it is about the forgiveness of sin and being reconciled with God and one another.

PSHE

During the summer term, we will explore the questions: 'What is the church?' and 'How do I love others?' Global Citizen

Computing and E-safety

Children will continue to learn about E-safety and how to stay safe when using the internet. We will be completing the topics:

We are communicators— Here we will write and send emails before exploring one or more other forms of digital communication, including video conferencing.

We are opinion pollsters - Here we will understand some elements of survey design and gain skills in interpreting results.

PE

During Summer term, we will be focusing on striking/fielding and net/wall games practising the skills needed within these games.

Our PE days will be Tuesday and Wednesday. Please can children come to school in their PE kits.

Year 3

Summer Term

Homework

- 10 spellings in preparation for a spelling test on the following Friday
- Reading daily (at least 3 times a week)
- TTRockstars (at least 20 minutes a week)

When completed, the homework can be brought into school.

Science

During Summer 1, our topic will be 'Plants' where we will identify and describe the functions of different parts of flowering plants: explore the requirements of plants for life and growth and how they vary from plant to plant.

Our topic for Summer 2 term is 'Forces and magnets' where we will be comparing how things move on different surfaces., noticing that some forces need contact between 2 objects, but magnetic forces can act at a distance, observing how magnets attract or repel each other and attract some materials and not others and also comparing and grouping together a variety of everyday materials.

Wider Curriculum

Our wider curriculum topic during the summer term is 'The Victorians' where we will be exploring the question 'Was life as a Victorian child really that bad?'. During this topic, we will be exploring all aspects of Victorian life, design and create a Victorian era toy, learn how to cross stitch, and much, much more! In music, we will be completing the Charanga topic 'bringing us together'.

Thank you for all your help and support!
