

English

In English we are going to focus on writing for different purposes to include everything they have been taught throughout the year. The children will be working on editing their sentences independently to ensure they make sense.

In reading, we are going to be exploring why something has happened in more depth.

Maths

In maths this term we are going to be looking at reading and interpreting mass, capacity and temperature. Following this we will be exploring the position and direction of objects where the children will be introduced to clockwise and anticlockwise.

Religion

In RE we are going to explore networks of friendships and relationships enable human beings to live together.

PSHE

In RSE this term we will exploring good and bad secrets and physical contact.

Computing and E-safety

We are astronauts-

Using scratch the children will programme a spaceship. The children will be developing their understanding of algorithms as well as a designing their own sprites.

PE

In PE this term we are going to focus on developing our dodging technique whilst playing invasion games.

Year 2

Summer

2

Homework

!10 spellings a week which will then be tested on Friday

Number bonds/ times tables practise

Maths homework based on what we have been learning that week

Reading their books 3 times a week

Science

This term we are going to continue our work on plants where we will be focusing on what plants need to stay healthy and exploring how some plants can survive in different habitats.

Wider Curriculum

Our topic continues to look at explorers such as Neil Armstrong and Tim Peake and their global and national achievements. In D&T we will be looking closely at a balanced diet and making a pouch using sewing techniques.

Thank you for all your help and support!
