

English

In English we are going to focus on writing for different purposes to include everything they have been taught throughout the year. The children will be working on editing their sentences independently to ensure they make sense. In reading, we are going to be focusing on sequencing events in the correct order and understanding why something has happened.

Maths

In maths this term we are going to be looking at reading and interpreting mass, capacity and temperature. Following this we will be exploring the position and direction of objects where the children will be introduced to clockwise and anticlockwise.

Religion

In RE we are going to explore networks of friendships and relationships enable human beings to live together.

PSHE

In RSE this term we will exploring good and bad secrets and physical contact.

Computing and E-safety

We are astronauts-
Using scratch the children will programme a spaceship. The children will be developing their understanding of algorithms as well as a designing their own sprites.

PE

In PE this term we are going to focus on developing our dodging technique whilst playing invasion games. In addition we will be focusing on developing our skills through athletic games.

Year 2

Summer

2

Homework

!10 spellings a week which will then be tested on Friday

Number bonds/ times tables practise

Maths homework based on what we have been learning that week

Reading their books 3 times a week

Science

This term we are going to be focusing on working scientifically where we will be gathering and recording data based on questions we want answered.

Wider Curriculum

Our topic continues to look at explorers such as Neil Armstrong and Tim Peake. We will also be exploring how to use and interpret compass directions. In art, we are going to continue painting and mixing media to create a textured collage.

Thank you for all your help and support!
