Health and Safety

From a health and safety viewpoint it is very important that:

- long hair is tied up. No extreme hairstyles or large bows are permitted.
- your child does not bring in any toys from home (unless directed by the class teacher);
- the trim trail is not used before and after school;
- smoking or vaping is not permitted on school premises;
- no dogs are permitted on school property (including carrying the dog);
- you do not park on the school car park, block driveways of school neighbours or park on the yellow lines.

This ensures the safety of all children.

Reporting Absence / Communication

If your child is going to be absent from school please leave a message on the school answering service on 01706 650280 leaving your child's name, explain the reason for absence and when you expect your child to return to school.

Ways of communication with parents are via the Parent app. Please ensure you download the app and set notifications to on. The school newsletter is sent out every Friday via Parent app. The newsletter can also be found on the school website along with any other information you may need.

The school Twitter account is: @stgabscastleton. Please follow us.

Class teachers also communicate the children's learning via Seesaw. This is an app you can download to follow your child's learning. Ask the teacher for a QR code to get started.

School Trips

We want to enhance the children's learning through school trips and other experiences such as visitors coming into school. Throughout the year your child may be selected to go on a school trip. We ask for a set contribution towards this to enable it to take place as school cannot afford to continually subsidise these opportunities. Therefore, if not enough money is received we may have to cancel the trip and monies will be lost.

Holidays in Term Time

We endeavour to stay open at all times because we want to make every day count. We can authorise absence for some, very rare circumstances but we cannot authorise absences for holidays. If you wish to go on holiday during term time this needs to be put in writing to the Headteacher. It is parents' duty to have their child attending school and fines may be issued.

Statutory Testing in Year 1

In Year 1 the government sets a Phonics Screening Check in the month of June. This is to assess the phonics knowledge of all the children across the country. The normal pass rate is 32 out of 40 although this is subject to change. There will be a parents' meeting before the phonics check takes place so parents are aware of the standard of the test.

Learning for Life

Each week your child will have the opportunity to learn skills in a group of their choice. This ranges from term to term. Please speak with your child to find out which group they have chosen.

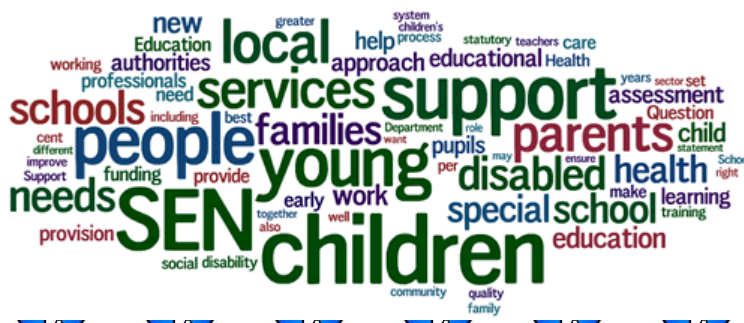

Examples of groups include:

Gardening
Messy Science
Sports Leadership
Debate... to name a few.

Additional Needs

If you feel your child would benefit from provision over and above their current needs please speak with the class teacher.

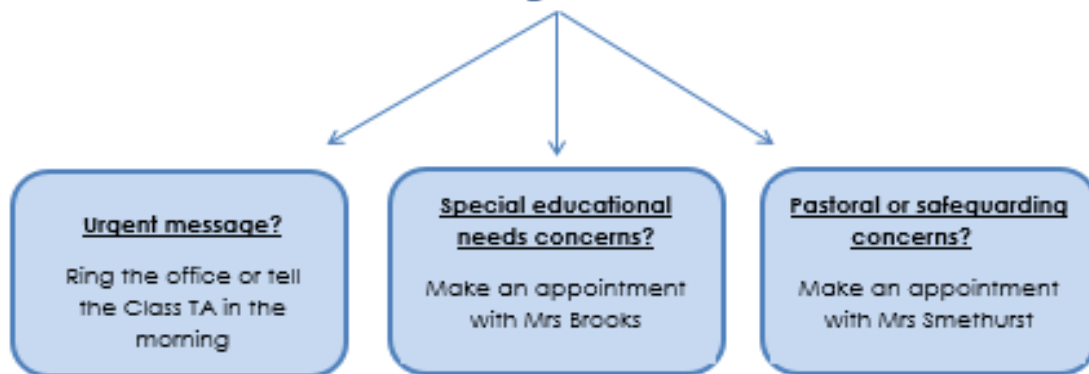

The school SENDco is available to answer any questions you may have regarding any additional needs. The school works hard on providing a personalised programme of education and Pupil Passports are devised and reviewed termly with the class teacher, SENDco, parents and children. For more information regarding this, **please speak with Mrs Brooks the Deputy Head and SENDco.**

Speaking with Staff

Do you need to speak to someone about your child?

Or for any other issues:

Speak to your child's class teacher
at the end of the school day

If you feel that your issue has not been resolved by the class teacher:

1. Make an appointment to speak to Mrs Brooks
2. Make an appointment to speak to Mrs Bolton

If you still feel that your issue has not been resolved:

Put your concerns in writing to the Chair of
Governors, Mrs Mary Chadwick
